Super Jake Foundation Announces Inaugural Scholarship Winner

The Super Jake Foundation is proud to announce that Libertyville High School Senior Sara Matheo (pictured here-first row center) has been awarded the inaugural Super Jake Foundation Memorial Scholarship.

"Sara embodies the type of student and person Super Jake would be today-- Smart. Funny. Courageous. Silly. Inspiring. And ready to make her mark on the world," said Super Jake Foundation Founder and Jake's Mom, Ann Widman.

Well rounded, Sara is a member of the national honor society and varsity cheerleading team, has a part time job and is committed to volunteering in the community for kids with special needs. She is planning to become an occupational therapist for special needs children, saying she makes it "a priority to use my own voice to defend people who are not comfortable using their own."

In her application, Sara talked about "a passion and ambition to improve the lives of others" which is the very essence of why The Super Jake Foundation exists and another reason this remarkable young woman was chosen for this award.

Since Jake would have been a member of the Libertyville High School Wildcats Class of 2019, this memorial scholarship will be awarded in his honor each year to a high school senior who demonstrates his courage and character.

Congratulations, Sara. Jake would be proud to share this honor with you!
